

The Regulation and Organization Fund for the Fish and Marine Cultures Market (FROM) sponsors the User's Manual "FEDEPESCA Guide about responsible consume of fish".

15/11/2010

With this guide, the National Federation of Provincial Association Retailers of Fish (FEDEPESCA), allows the fishmongers to get information for a responsible consume of fish, and spread actions to consumers for a sustainable development of the marine environment.

FROM, an organism under the Spanish Ministry of Environment, Rural and Maritime Affairs, sponsored this User's Guide in Madrid.

The presentation ceremony was attended by the FEDEPESCA President, Gonzalo Gonzalez Puente, the author of the Guide and Head of the Department of Environment FEDEPESCA, Pedro Lopez Salcedo, and the Secretary General of the FROM, Isabel Hernandez Encinas.

The main chapters of the Guide relate aspects of sustainability of the marine environment as minimum sizes, types of fishing used depending on the gear and the labelling as an element of mandatory and basic information, among others.

This Guide includes as well a Sustainable Cookbook with recipes for fish species, aquaculture, molluscs and fish from the coast to encourage again local production.
